The 9th International Conference on Computer Vision Systems will be held at

**St. Petersburg, Russia, on July 16 - 18, 2013**

Workshops are scheduled to be held at the end of the conference on July 18, 2013. Workshop participants will have the opportunity to meet and discuss issues with a selected focus - providing an informal setting for active exchange among researchers, developers and users on topics of current interest. The format of workshops will be determined by their organizers, workshops will be half-day or full day in length. Workshop attendees are expected to also participate in the main conference. There will be no extra workshop fee.

**Proposal Content**

Proposals for workshops should be about two (2) pages in length, and should contain the following:

- A description of the workshop topic. Identify the specific issues on which the workshop will focus.
- A brief discussion of why the topic is of particular interest at this time.
- A brief description of the proposed workshop format, regarding the mix of events such as paper presentations, invited talks, panels, and general discussion.
- An indication as to whether the workshop should be considered for a half-day or full-day meeting.
- The names and full contact information (email and postal addresses) of the organizing committee - two or three people knowledgeable in the field.

To propose a workshop, please send the above information to the ICVS 2013 Program Co-Chair Bernd Neumann (neumann(at)informatik.uni-hamburg.de) by February 28, 2013.

**Workshop Organization**

- Workshop organizers will be responsible for producing a call for participation, due March 31.
- Organizers are responsible for additional publicity such as distributing the Call to relevant newsgroups and electronic mailing lists. Organizers are encouraged to maintain their own web site with updated information about the workshop.
- Organizers are responsible for establishing a workshop program and communicating with participants.
