

13 March, 16:15 – 17:45

Session Title: Civil Robotics Networking Workshop

Title:

Organiser(s): Francesco FEDI, Selex ES (Finmeccanica), ITALY
fedi@ssi.it

Content: The workshop will discuss the key topics of relevant euRobotics documents such as MAR, and related Priorities to foster a debate about the networking opportunities with those Topic Groups (TGs) whose goals may impact the outcomes of R&I in Civil Robotics Domain, such as:

- Domain Topic Groups with similar priorities
- Technological Topic Groups addressing key technologies for Civil Robotics Domain
- Platform Topic Groups

Agenda of the workshop:	Speaker	Title	Time
	FF	The Civil Robotics Topic Group	16:15
	FF	Civil Robotics Multi Annual Roadmap	16:30
	FNM	Finmeccanica Experience & Needs in Civil Robotics	16:50
	PMT	Indra Experience & Needs in Civil Robotics	17:10
	FF	Discussion on Civil Robotics TG Networking with other TGs	17:30

Speaker(s): FF: Francesco FEDI, Selex ES (Finmeccanica), Italy (Speech 1, 2,5)
FNM: Finmeccanica Speaker, Finmeccanica, Italy (Speech 3)
PMT: Pablo MIANGOLLARA TEJEDA, Indra, Spain (Speech 4)

Further information: The workshop will include a brief discussion to highlight Civil Robotics networking opportunities with other euRobotics TGs.
